Julian Community Water District 4/27/2026

BOIL WATER NOTICE

Boil Your Water Before Drinking or Food Preparation to Avoid Illness

Due to the recent [water main brake](#), which occurred on [4/25/2026](#), the State Water Resources Control Board, Division of Drinking Water, the [San Diego County Health Department](#), and the Julian Community Services District Water System are advising residents of [Unincorporated, Julian, Julian Community Water District](#) to only use boiled tap water or bottled water for drinking and cooking purposes as a safety precaution to avoid stomach or intestinal illness. The affected area includes: [Julian Community Services District Customers](#)

We will inform you when tests show that water is safe to drink, and you no longer need to boil your water. We anticipate resolving the problem within [24 – 48 hours](#).

If you have questions about other uses of tap water, such as bathing and dish washing, please call your water system or read this guidance: https://waterboards.ca.gov/drinking_water/certlic/dinkingwater/documents/notices/cdc_wtd_bw_advisory.docx

Optional: Potable water is available at the following locations: [2645 Farmer Rd.](#)

Please bring a clean water container (5 gallons maximum capacity).

Do not drink the water without boiling it first

- Boil all water for one (1) minute (rolling boil).
- Let water cool before drinking.
- Use boiled or bottled water for drinking, brushing teeth, and food preparation until further notice.
- Boiling water kills bacteria and other organisms in the water.

If you are unable to boil your water:

Household unscented liquid bleach

- For clear water, use 8 drops (1/8 tsp.) of bleach for 1 gallon of water. For cloudy water, filter through a clean cloth and use 16 drops (1/4 tsp.) of bleach for 1 gallon of water.
- Mix well. Allow to stand for 30 minutes before using.
- Water may taste or smell like chlorine. This means disinfection has occurred.

Water disinfection tablets

- Please follow the manufacturer's instructions.

For More Information

If you are concerned about your health or the health of a family member, contact your health care provider or [San Diego County Dept. of Environmental Health & Quality](#).
